Thanks for the recap.

Please add Bret Moxley, EPA OSC, to future emails about the Spirit of Sacramento, as he'll be there on Monday representing EPA, for the transition from USCG to EPA. Should it be needed, his cell number is 415-971-7720.

Chris

Good Morning,

Just to recap today's conference call. Pollution removal will continue throughout the weekend at the ACOE facility. On Monday 1000 USCG will meet with EPA to release the vessel. At 1300 we will have a conference call to discuss the present and future operations. If there are any questions or concerns please contact me at your earliest convenience.
